### Dr. Joshua & Evangelist Sherilyn Smith

VP of Education, Health & Social Service

Founder/Loving to Learn Associations

Email: [jssmith@fanclubinternational.com](mailto:jssmith@fanclubinternational.com)

The best way to describe **Dr. Joshua and Evangelist Sherilyn Smith** are two people of **faithfulness** and **determination to serve GOD** by **helping people realize and except Jesus Christ as personal LORD and Savior**. Their belief is that everyone needs to learn how to be good citizens of **GOD**, their country; good neighbors and good Samaritans.

**Loving to Learn Clinics and Centers** was realized after a vision from God was made clear in May 2002 giving rise to the **Health, Education and Social Services Association**. On that fateful Monday of 2002, they got married at **Southern California Community Bible College**.

As a **licensed, ordained minister, career educator and Naturopathic Healing Doctor**, practicing holistic herbal medicine, **Dr. Joshua Smith** has worked with youth since 1970. In 1986 **Dr. Joshua Smith** worked at an alternative school for troubled youth receiving the prestigious National Christian Educators Award from the late Mayor of Los Angeles, Tom Bradley, for outstanding community service working with gang members.

In June 2004, **Dr. Smith** visited the **White House Conference on Faith-Based and Community Initiatives** in Washington D.C. and met with **President Bush** who encouraged him to go back and educate the people in his community. On June 2nd at the U.S. Department of Education, he met with former **Secretary of Education Rod Paige** in support of "No Child Left Behind".

**Evangelist Sherilyn** has worked for years, serving the church, her children and her community as a **foster parent** as well as a **nurse** working with senior citizens in Convalescent homes, the mentally ill in institutions and hospitals. In March 2006, together they received an honored **United States Congressional Award** and three **California Government Awards** for outstanding community involvement working with children, teens, their families as well as the homeless. Their calling is to help build strong communities locally and internationally.
