Lou Corlis

Vice President of Software Technology & Accounting

The Fan Club International

Email: lorlis@fanclubinternational.com

Lou Corlis' formal education is from the **United States Naval Academy, Wentworth Military Academy, University of Wyoming, and Arizona State University** where he majored in **Electrical Engineering, Mathematics, and Accounting.**

Lou was divinely led into computer programming as a career path. For over 40 years **Lou** has developed expertise in **Automation / Process Control programming (GE, Control Data Corp, Docutel and ARCO/Exxon), Mainframe programming (ARCO and Centurytel), Client Server programming (Cinergy, Vercuity and WMC Mortgage), PC programming (ARCO and WMC Mortgage), and Web programming (Centurytel, Cinergy, Burlington Northern Santa Fe Railway, Vercuity and WMC Mortgage).** **Lou** has held principle programming, project and management

positions for **Computer Manufacturers, Engineering and Oil Companies.** **Lou** has worked as a professional **IT Consultant** for the last 8 years to **Communications, Utility, Railway and Financial Institutions.**

Lou's volunteer work has been **public speaking, fund raising, bible teaching, evangelism, counseling at the 700 Club television program, and pasturing of the Prudhoe Bay Community Church in the Alaska oilfield.** **Lou** also led 2 **missionary teams to Russia,** and did intercessory prayer for "The Promise" (a passion play in Glen Rose, Texas).
